Register at: <http://www.sde.idaho.gov/events/adv-conference/>

Brought to you by:

The Advanced Opportunities Conference is focused on equipping secondary and post-secondary educators with the most current best practices surrounding academic advising, student readiness, and career/college program expansion as students are encouraged to pursue their passion beyond high school. This effort is aligned with the State Board of Education's goal for 60% of Idahoans to attain a postsecondary degree or certificate.
