OF THE WEST ADA SCHOOL DISTRICT

West Ada School District's 2nd Annual Mental Health Provider Fair!

Thank you for making our first Mental Health Provider Fair a huge success! Our second year will be even better!

The purpose of the Mental Health Provider Fair is to bring community mental health providers together with school counselors, social workers, psychologists and nurses so they may serve students and families in the best way possible. Knowing what resources are available in our own community is vital to the well-being and success of all students as well as parents/guardians.

At this event you will meet community mental health providers who will have informational booths set up at the fair. All area school counselors, social workers, psychologists and nurses are welcome to come, free of charge, to meet one-on-one with local providers and learn about their services and how they may benefit your students and parents/guardians.

Who: All Treasure Valley school counselors, social workers, psychologists and nurses

When: Date: Thursday, September 26, 2018 Time: 3:30-5:30pm

Where: West Ada School District – 1303 E. Central Dr. Meridian, ID 83642 (through the training center entrance at the east end of building - in the White Cloud Auditorium).
